Kathy,

Congratulations on receiving the **2011 Americas Motivator of the Year** award! Your efforts and support certainly help us all navigate through the maze of challenges associated with life and leadership. Your methods provide us with tools but your insight, support and encouragement provide us all with the realization that we can do it, and provide the motivation to improve.

Thank you for supporting us, and I trust you will celebrate this well-deserved recognition of your talents and efforts.
